FE BUREAU Mumbai, December 28

THE SECURITIES AND Exchange Board of India (Sebi) on Wednesday floated a consultation paper for index providers – both domestic and foreign. The guidelines propose to follow the principles of the International Organisation of Securities Commissions (IOSCO), which prescribed an overarching framework of 'Principles for Financial Benchmarks' to promote the reliability of benchmark (including indices) determinations, and address benchmark governance, quality and accountability mechanisms.

Sebi has proposed that index providers offering indices for use in India will be required to register with it for obtaining authorisation and must have a minimum net worth of ₹25 crore. In addition, the provider shall have a track record of minimum five years of index administration. Alternatively, any entity may also be eligible for registration as an index provider, provided it employs at least two persons, with each having minimum five years of experience to conduct operations and businesses of the index provider.

Every two years, index providers will be assessed by independent external auditors to evaluate adherence to principles of IOSCO, said the consultation paper. Comments from market participants have to be submitted by January 27, 2023.

The paper comes at a time when total inflows into passive funds (till November 2022) have been to the tune of around ₹1 trillion. The passive indus-
